

Nutri-Neem

Cold Pressed Neem Oil EC 85%™

A high quality imported neem oil that has been emulsified to allow easy mixing with spray tank water and stabilised to reduce UV degradation.

Benefits

- Biological Farmers of Australia (B.F.A.) Registered Product 456AI.
- Can be used as a natural wetter-sticker for use with foliar fertilisers (but is not registered for use as a wetter-sticker with any registered chemicals in Australia).
- This oil contains natural organic sulphur, proteins, vitamins, glycerines and numerous beneficial trace elements.
- Effective over a wide pH range.
- Many of the components in the neem extract are not stable under extended UV radiation.
- Neem is a recognised bio-balancer.

PACKAGING

1 L, 5 L, 20 L, 200 L, 1000 L
Product Code: NN

Nutri-Neem

Cold Pressed Neem Oil EC 85%™

Application Rates

Foliar Spray: 1.5 – 2 L of Nutri-Neem™ per ha.

Minimum Dilution 1:150

Note: Ensure sufficient water is applied to gain full coverage of the leaf surface for best results.

Fertigation: 2 L per ha

Use whenever a boost to the plants' health is required or as a natural wetter-sticker for use with foliar fertilisers.

NOTE: Do not apply in the 2 weeks prior to flowering and during flowering.

Miscellaneous

- Due to the high levels of natural vegetable fats, the oil may become thick or viscous during cold weather and may clog fertigation equipment. If the product becomes waxy, place the container in a hot water bath or direct sunlight until the consistency reverts to a homogenous liquid.
- The oil component of the product can cause foliar burn on some crops if the concentration used is too strong. Test a small area before large scale application.
- As pure neem oil is not miscible with water this product has been modified with emulsifiers to ensure excellent bloom qualities upon its addition to water.

Typical Analysis w/w

Fatty Acids

Myristic	0.17 – 2.2%
Palmitic	11.6 – 13.8%
Stearic	12.2 – 20.7%
Oleic	41.7 – 52.6%
Linoleic	2.0 – 13.4%
Arachidic	0.7 – 2.9%
Specific Gravity.	0.93
Miscibility: 100% forming a white emulsion	
Appearance: Golden Yellow oil	

Miscellaneous cont.

- NTS also stock and supplies the concentrated cold pressed pure neem oil from which Nutri-Neem is manufactured and this is available on request.
- **NOTE:** This product must not be used in Australia with registered agricultural chemicals including insecticides, herbicides and fungicides.
- Store in a cool, dry place away from direct sunlight.

FIRST AID

- If in eyes, wash out immediately with water.
- For advice contact a Poisons Information Centre. Phone Australia 131126, New Zealand 0800 764 766, Worldwide +61 3 9573 3112 or a doctor at once.

Disclaimer: Any recommendations provided by Nutri-Tech Solutions Pty Ltd (NTS) or its Distributors are advice only. As no control can be exercised over storage, handling, mixing application or use, or weather, plant or soil conditions before, during or after application (all of which may affect the performance of our program), no responsibility for, or liability for any failure in performance, losses, damages, or injuries (consequential or otherwise), arising from such storage, mixing, application, or use will be accepted under any circumstances whatsoever. NTS recommend you contact an Agronomist prior to product application. The buyer assumes all responsibility for the use of any NTS products.
