

Trio™ (CMB) Fertigate

A high analysis source of calcium, magnesium and boron, complexed with fulvic acid and mannitol (derived from kelp).

Benefits

- Calcium is the trucker of all minerals and it governs cell strength and cell division.
- Magnesium is the life blood of chlorophyll and it is a phosphate synergist.
- Boron is critical for reproduction and it is a calcium synergist.
- Trio™ (CMB) Fertigate also contains 12.1% (approx.) nitrogen and features the multiple benefits of kelp and fulvic acid.

PACKAGING

20 L, 200 L
Product Code: TRIOFERT

Trio™ (CMB) Fertigate

Application Rates

Fertigation

(depending on plant size)

Small Crops, Turf & Vines

7 – 20 L per ha

Repeat weekly for maximum response

Orchard Crops

20 – 40 L per ha

Repeat monthly for maximum response

Storage & Handling

- Store concentrate in cool area out of direct sunlight.
- Shake concentrate thoroughly before adding to partially filled tank.
- Do not pre-mix or store in diluted form, and use promptly once opened.

Typical Analysis w/v

Calcium	17%
Magnesium.....	4.0%
Boron.....	0.1%
Total Nitrogen (as nitrate)	12.1%
Total Potassium (as organic K)	0.45%
Sodium	1.1%
Kelp and Fulvic Acid	19%

Miscellaneous

- Compatibility and/or performance cannot be guaranteed when combined with other products. Jar test for compatibility and spray test on small area before wide-spread use. When combining with other chemicals, add this product to the tank last.
- Note: Product in 1000 L tanks may weigh over 1 tonne. Forklift with 2 tonne lifting capacity is recommended.

Disclaimer: Any recommendations provided by Nutri-Tech Solutions Pty Ltd (NTS) or its Distributors are advice only. As no control can be exercised over storage, handling, mixing application or use, or weather, plant or soil conditions before, during or after application (all of which may affect the performance of our program), no responsibility for, or liability for any failure in performance, losses, damages, or injuries (consequential or otherwise), arising from such storage, mixing, application, or use will be accepted under any circumstances whatsoever. NTS recommend you contact an Agronomist prior to product application. The buyer assumes all responsibility for the use of any NTS products.
